

North County Regional Fire Authority
COMMISSIONER'S MEETING
via ZOOM
August 12, 2020
4:00pm

We conducted several RFA staff meetings and one Committee meeting since our last meeting. The 10 page briefing was sent out for your review and discussion under old business. We are working with Rich Davis to develop the RFA Plan Amendment as part of the legal process to move this forward during the Arlington August Council break. A draft will be worked on and presented to the committee the first meeting of September.

Chief Cermak took 40 hours vacation and visited family in CA to get a little break.

Amanda Brown created some custom face coverings for NCRFA and Arlington. Please stop by and pick yours up from Kayley. They should be available tomorrow per Amanda.

We met with MacKenzie for multiple issues moving the training facility process forward. The traffic entrance issue has held us up as we have to ask for a variance.

Chief Kraski and Chief Cermak were invited to participate with the Stillaguamish Tribe in their brood stocking program. We traveled above the Oso slide area and captured 65 Chinook salmon in net enclosures, loaded them into fish trucks, and transported them to the hatchery where they were off loaded, immunized, and prepared for harvesting the eggs in two to three weeks. It was very educational and interesting..... these were huge fish. It was great to understand our partners programs and learn.

COMMITTEE REPORTS

Sno-Isle had a meeting via Zoom. Commissioner Longley stated how well attended it was. Commissioner Cade said the next Sno-Isle meeting they will be discussing SERS.

JATC – Commissioner Cade stated all of our firefighters applications have been sent in with the exception of FF King who is on paternity leave, and CRP Reid.

CORRESPONDENCE

Letter from Chief Ventura from APD thanking CRP Darin Reid for his help in their peaceful protest.

Letters of support from Rick Larsen and Maria Cantwell.
