

**North County Regional Fire Authority  
COMMISSIONER'S MEETING  
via ZOOM  
November 04, 2020  
4:00pm**

There have been multiple County Chief's meetings in preparation for any civil disturbances surrounding the election outcomes. SnoCo DEM is staffed and SSCFR FOC operational for a unified response. King, Pierce, Thurston and Snohomish Counties have been in communication to maintain situational awareness.

Chief Cermak met with Nate Nehring to visit our future training center.

Hughes Fire Equipment VP and Operations Manager visited and expressed interest in the RFS section for their business practice in the future and asked to be kept in the loop about any opportunities.

NCRFA met with a committee from Arlington that is looking to enhance the CRP Program with Social Workers. Carolyn Eslick was presented a white paper to help acquire funding to continue receiving funds for the enhanced program.

Chief Cermak participated in the SnoCo Wildland Joint Review Committee to approve pending red cards for wildland deployment positions.

Katie, Randy and Chief Cermak, participated in the Snure Seminar for Law update. We took two nuggets that we are researching. One was the school funds that are collected annually from the state for fire programs. If not used, they are returned. The second was the fee that can be charged for records.

DC Dickison and Randy are researching and submitting a grant through HHSA to capture revenues lost in transportation due to COVID. We have received two other allotments in the past.

FF Freedman was presented a Medal of Distinguished Service for his consistent participation in the community events and 9-11 recognition process.

AC Makela applied for a NFPA grant that would assist us in converting data to complete a Community Risk Assessment. Two other agencies in Snohomish were awarded the grant as a pilot last year, Everett FD and SCFR.

We conducted another JATC meeting.
